

MISSISSIPPI LICENSED PROFESSIONAL COUNSELOR ASSOCIATION CLINICAL SUPERVISION TRAINING FAST TRACK

Purpose of the Workshops: To offer a training opportunity for mental health professionals who provide clinical supervision. This training will fulfill the educational requirements to obtain the Board Qualified Supervisor (BQS;LPC-S) license in state of Mississippi.

Structure: Training provided with instructors and content information appropriate for the NBCC Approved Clinical Supervisor Credential. The content areas of the National Board for Certified Counselors Approved Clinical Supervisor Credential are utilized and divided into four sections (see description below). Even though the training is structured to meet the NBCC requirements, MLPCA is only an approved provider for the LPC Board (#MLPCA 1111).
